2. THE WORKS

2.1 Overview of Requirements

The Employer is to design, build and install playground equipment, surfacing and associated works in accordance with the details provided by The Contractor and accepted by The Employer. All works and obligations are the responsibility of the Principal Contractor, including all details covered within this agreement in addition to the documentation outlined in 2.3.

2.2 BS EN Regulations and CDM Regulations

Each Party undertakes to the other that in relation to the Works and site, he will duly comply with applicable CDM Regulations.

The finished products and work must comply with the relevant European and British EN Regulations, primarily BS EN 1176 for play equipment and BS EN 1177 for surfacing under the play equipment. Any other work or materials that relate to this project must comply with the relevant British Standards or its European equivalent.

2.3 Documentation

The Employer has had the following documents provided by The Contractor, and are deemed to form and construed as part of this Agreement:

- a. The tender submission
- b. The quotation outlining costs associated with the project
- c. Any designs and drawings
- d. Any health and safety plans
- e. Signed "Form of Contract" – Appendix 1
- f. Completed "Warranty and Reference Information" - Appendix 2
- g. Any emails or communications from the Contractor during or following the tender process including revisions to the original submission
- h. "Programme of Works" and "Construction Phase Plan" expected prior to commencement of the Works

3 GENERAL QUALITY AND METHOD OF WORKS

3.1 Levels of skills required

Operatives must be appropriately skilled and experienced for the type and quality of work.

The contractor shall inspect all components / materials carefully before using and reject any which are defective.

3.2 Supervision

In addition to the constant management and supervision of the work provided by the contractor person in charge, all significant types of work must be under the close control of a competent supervisor to ensure maintenance of satisfactory quality and progress of the works alongside the Contracts Administrator or authorised person who will meet with the contractor at pre-arranged dates throughout the works.

3.3 Repairs and Re-instatement

The contractor shall make good any damage because of carrying out works described herein. The method and material used to repair any damage shall be agreed to in writing as part of the documents provided that form the necessary requirements within this agreement.

3.4 Good Practice

Where and to the extent that materials, products and workmanship are not fully detailed or specified they are to be:

- (i) Of a standard appropriate to the Works and suitable for the purposes stated herein or
- (ii) reasonably to be inferred from the project documents, and in accordance with good practice.

3.5 Statutory undertaker's services

According to records there are no statutory services in the vicinity of the intended works. Notwithstanding, any work that may be required to be carried out and likely to affect new or existing services, must be in accordance with the Bye Laws or Regulations of the relevant Statutory Authority and entirely to their inspector's satisfaction.

3.6 Stability

The contractor shall accept responsibility for the stability and structural integrity of the Works during the Contract, and support as necessary and ensure that the structural foundations and bases are stable.

3.7 Adjacent Areas

The Employer expects this site to be a safe site and requires the appropriate safety wear to be worn as identified in the contractor's risk assessments.

3.8 Nuisance

The contractor shall take all necessary precautions to prevent nuisance from smoke, dust, rubbish and other causes, likely to cause nuisance to the general public.

3.9 Site security and safety

The contractor shall comply in all respects with the requirements and intent of the Health & Safety at Work Act, 1974, and the Construction (Health, Safety & welfare) Regulations 1996 and associated and current legislation and good practice as well as local rules as they affect the Works.

The contractor shall make available a copy of their Health & Safety policy.

3.10 Welfare Facilities

The contractor will need to provide their own water and/or toilets during the period of construction at their own cost, unless otherwise stated in the tender document.

3.11 Use of the Site

The contractor shall not use the site for any purpose other than the carrying out of the Works.

3.12 Lighting & Power

The contractor shall make his own arrangements for light and power as may be required.

3.13 Health & Safety

The CA (Contract Administrator) or Employer reserves the absolute right to suspend works at the site if any continuing breaches of Health and Safety legislation occur. Such closure will be at no cost to the Employer and no extension of time will be entertained. This will include breaches noted by the CA or advised to the CA by The Employer.

3.14 Small Plant & Tools

The contractor shall provide, as necessary, all tools and plant necessary for the proper execution of the works.

3.15 Construction Requirements

The contractor shall determine his own method of working.

During the execution of the works, any trafficking is to be kept to a minimum and every effort must be made to ensure that as little damage as possible is done to the surrounding grounds and areas.

3.16 Risk assessment and Programme of Works

The contractor is to undertake a risk assessment of the proposed works and to provide a copy of that to the Contracts Administrator for agreement purposes before any works are commenced on site. Additionally, a "Programme of Works" and "Construction Phase Plan" need to be provided before work commences including all the necessary information specifically relating to these Works.

Note: If there are any significant delays (greater than 1 week) on the original lead times to either start or complete the works, with details to be provided on the reasons for the delay and should be emailed to the Contract Administrator.

3.17 Spoil and Waste

All waste from packaging and materials other than what is deemed as natural waste (spoil) from the site, is to be disposed of at a licensed facility. Regarding any spoil from groundworks such as rock, soil and turf, this can be disposed of at a suitable location on the site or re-used if the Contractor is satisfied will not pose any environmental or health concerns in the future. Any material deemed as hazardous or requires special waste disposal procedures must adhere to the UK regulations, allowing for the provision of evidence such as Waste Consignment Notes to the Employer.

- (c) If the Contractor's employment is terminated as provided in Condition 17(b), the Authority shall: -
 - (i) cease to be under any obligation to make further payment until the costs, loss and/or damage resulting from or arising out of the termination of the Contractor's employment shall have been calculated and provided such calculation shows a sum or sums due to the Contractor;
 - (ii) be entitled to repossess any of its materials, clothing, equipment, vehicles or other goods loaned or hired to the Contractor and to exercise a lien over any of the materials, clothing, equipment, vehicles or other goods belonging to the Contractor for any sum due hereunder or otherwise from the Contractor to the Authority;
 - (iii) be entitled to employ and pay other persons to provide and complete provision of the works or any part thereof and to use all such Contractor's materials, clothing, equipment, vehicles or other goods for the purposes thereof.
 - (iv) be entitled to deduct from any sum or sums which would but for Condition 17(c)(i) have been due from the Authority to the Contractor under this Contract or any other contract or be entitled to recover the same from the Contractor as a debt, any loss or damage to the Authority resulting from or arising out of the termination of the Contractor's employment. Such loss or damage shall include the reasonable cost to the Authority of the time spent by its officers in terminating the Contractor's employment and in making alternative arrangements for the provision of the works or any part thereof.

- (v) when the total costs, loss and/or damage resulting from or arising out of the termination of the Contractor's employment has been calculated and deducted so far as practicable from any sums which would but for Condition have been due to the Contractor, any balance shown as due to the Authority shall be recoverable as a debt, or alternatively, the Authority shall pay to the Contractor any balance shown as due to the Contractor.
- (d) The rights of the Authority under Condition 17 are in addition to and without prejudice to any other rights the Authority may have whether against the Contractor directly or pursuant to any guarantee, indemnity or bond.

13. ARBITRATION

- (a) All unresolved disputes between the parties arising out of or connected with this Contract or the performance of the Services by the Contractor shall be referred to an Arbitrator to be agreed upon by the parties or in default of such agreement to be nominated by the President of the Institute of Arbitrators or a person appointed by him.
- (b) Any award or decision of such Arbitrator shall be final and binding on the parties hereto.

14. STAMP DUTY AND LEGAL FEES

Each party shall bear their own legal and other fees in relation to the preparation and submission of the Tender documents and any formal Contract documents arising there from.

15. DEFAULT BY CONTRACTOR

If the Contractor, for whatever reason, fails to provide or perform the Services in whole or in part completely in accordance with the terms of the Contract, then without prejudice to any other remedy contained herein the Authority may by its own or other workmen provide and perform such Services or part thereof in which the Contractor has made default. The costs and charges incurred by the Authority in so doing shall be paid by the Contractor to the Authority on demand or may be deducted by the Authority from any monies due or which may become due to the Contractor.

16. INSPECTION OF SITE, EXTENT AND NATURE OF SERVICES

- (a) The Contractor shall be deemed to have fully acquainted himself with all conditions likely to affect the execution of the Works and have visited the site to satisfy himself with the nature and extent of services to be undertaken as detailed in the Contract

Documents and as to the nature of access and all matters likely to affect the execution of the Service.

- (b) In the event of adverse weather conditions preventing the performance of the Services the Contractor with the prior consent of the Contract Administrator may modify his method of working.
- (c) In submitting his Tender, the Contractor will have been deemed to understand the nature of the Works and included within his tender sum for performing the Works in adverse weather conditions or such other conditions for periods within the Contract Period.
- (d) The Contractor shall not be entitled to make any claims in any respect regarding the contract through lack of knowledge or understanding of the specified works. Any costs or losses incurred during the preliminary investigations and Tender preparation shall be borne by the Contractor alone.

17. INSPECTION & ACCESS

The Contractor shall always during the Contract Period allow the Contract Administrator and his staff, the Authority's Internal Auditor or such person as may be nominated from time to time by the Contract Administrator access to all locations for the purpose of inspecting: -

- (a) Work being performed pursuant to the contract.
- (b) Records or documents in the possession of the Contractor in connection with the performance of such work.

18. POST INSTALLATION AND MAINTENANCE

- (a) On the satisfactory completion of all site operations the Contractor shall provide for and give to the Contract Administrator, a complete set of maintenance instructions and tools for the individual items of play equipment and surfacing.
- (b) The Contractor shall on submission of his invoice, provide Guarantee Certificates covering the life of the guarantee periods identified in the Tender Documents.
- (c) Final payment of the Contractor's invoice shall be made on the provision of a Post Installation Inspection Certificate from an approved RPII Inspector. This certificate will identify that all works have been completed to the current British and European Standards and our specification, and any remedies or actions detailed in the report, regardless of risk, have been satisfactorily addressed.
