

Hi Gina

I spoke to Nathan earlier and further to our conversation I would like the board to consider in principle joining in partnership with us to install two new digital signs in Colne

The current signs are unfortunately unworkable. The new signs are with a very trusted company who we have satisfactorily dealt with for a long time and are covered by a minimum 3 year warranty.

The signs are great for getting messages out to Colne’s residents and businesses as well as Colne’s visitors and can be used by all partners

We would love it if Colne BID, Colne Town Council, and Pendle Council (Colne Area Committee) can all join up together to make this work

Please take a look at the costings attached and come back to me if this is something you are happy to consider

Let me know whether you would like more information

Thanks Mike

Mike Williams
Economic Development Officer
Pendle Borough Council

New Digital Signs for Colne

Size	49	55	65
two totems	11400	13770	16950
