

Treasure Our Town! 🌿

Although we were thin on the ground today, a big thank you to our amazing volunteers who joined us this afternoon for our Treasure Our Town session!

In total we collected 5 sacks of litter and a bicycle wheel & tyre from the Shaw Street area. And by volunteering one hour of their time, they each made a little area of our town cleaner and tidier!

These sessions play a key role in tackling litter, reporting fly-tipping, graffiti, damaged street furniture, and overflowing bins—small actions that add up to a big impact.

If you love where you live and could possibly spare just an hour a month, we'd love for you to come along and join us! We really are running short on volunteers and can't make as much of an impact on our own.

No need to sign up either—just turn up. Sessions run on the first Wednesday of each month, with the next session taking place on Wednesday 6th of August. Full details will be posted here nearer the time.

Let's keep our town a place we can all be proud of—together! ❤️
