### Treasure Our Town! 🌿

A big thank you to our amazing volunteers who joined us last week for our second Treasure Our Town session of the year!

Each volunteer collected a bin bag of litter from the area surrounding King George V playing fields on Skipton Road. And by giving up just one hour of their time, they helped make a small corner of our town cleaner, tidier, and more welcoming for everyone.

These sessions play a key role in tackling litter, reporting fly-tipping, graffiti, damaged street furniture, and overflowing bins—small actions that add up to a big impact.

If you love where you live and could possibly spare just an hour a month, we'd love for you to come along and join us! No need to sign up—just turn up. Sessions run on the first Wednesday of each month, with the next session taking place at 10am on Wednesday 4th June around the Blascomay Square/Patten Street area. Full details will be posted here nearer the time

Let's keep our town a place we can all be proud of—together! ❤️
