

Colne in Bloom Report 15th Nov – 14th Dec 2025

Total of 54 volunteering hours undertaken by: **Linda Strickland Mary Wooltorton
Claire Roger Wormwell Alice Mann Michael Moffit David Foat**

Over the last four weeks it has been a rush to clear away all the remaining summer plants from the various planters in town and fill each up with spring bulbs. Now all nine towers eighteen planters four lollypops and the remodelled railway cart have been planted with bulbs and polyanthus by the Colne In Bloom team.

The Colne Park High School Gardening Team received Gold Standard certificates in the Growing Together gardening competition. They gave a tour of their school garden and despite the very cold weather showed off their bulb planting skills in the school grounds.

Colne In Bloom had a tombola stall at the Colne Christmas Light Switch On Event and raised £180.

Everyone is welcome to join the Colne In Bloom Team. Most of the jobs in the winter months are at our polytunnel which is situated at the top of the Alkincoates allotments.
