

## Colne in Bloom Report 17<sup>th</sup> May – 20<sup>th</sup> June 2026

Total of 69 Volunteering hours undertaken by:  
Roger Michael Linda  
Alice Alison Claire  
Mary Sammy David

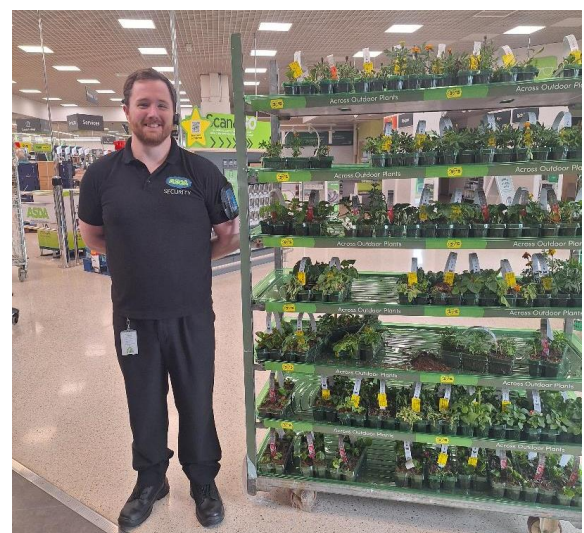

The removal of the spring flowers gave the CIB volunteers the opportunity to assess the condition of the town's planters and gave the Marsden Building Society troughs a much-needed lick of paint.

On the 26<sup>th</sup> May the hanging baskets, troughs and pole planters were delivered from the Holland House Garden Centre and the Town Council Lengthsmen began to put them in place. The flower tower, street planter, railway station and lollipop plants arrived the following day and throughout the rest of the week the CIB team worked hard to transform the town.

In the last few weeks, the volunteers have weeded the Titanic, Guitar and Craddock Rd beds so that these areas were looking good for the town's Gala and Grand Prix events.

Thanks go to Asda for providing CIB with some poorly plants. After a good water and some loving care most have been revived and will be planted around town and given to school and community gardeners.

**We meet every Tuesday at 10.30am weather permitting**  
**Contact Alice 07940084741 for more information about joining the CIB team**  
**There is still lots of planting, weeding and dead heading to do!**
