

We are writing to invite Parish, Town, and local Councils representatives to take part in the consultation for the Local Transport Plan (LTP) - Implementation Plan. This plan forms a key component of the wider Lancashire Local Transport Plan and sets out in detail how improvements to travel and transport will be delivered at a local level over the next four years.

Your views are vital in helping us to develop a transport system that supports a stronger, fairer and sustainable future for Lancashire.

Your organisation's input will help us to inform the final version of the Local Transport Implementation Plan, and ensure it reflects the priorities and aspirations of those who live, visit and work in Lancashire.

Here is the consultation webpage:

<https://lancashire-cca.gov.uk/have-your-say/local-transport-plan-ltp-implementation-plan-2026-2030>

The webpage has some materials to support your review, including:

- Lancashire Local Transport Implementation Plan
- Integrated Sustainability Appraisal (ISA)
- The Habitats Regulations Assessment (HRA).

We're asking if you could review the draft plan and share your feedback by completing our online survey.

When you are completing the survey, please select the option to indicate you are responding on behalf of an organisation. If you would like further information, send us an email or request a meeting by contacting: localtransportplan@lancashire-cca.gov.uk

Printed copies of the survey and key materials are available upon request.

The consultation will remain open until Tuesday 30 June at 11:59PM, and we look forward to gathering your feedback on our Local Transport Implementation Plan.

As well as submitting your organisation's response, we would be grateful if you could share the consultation link with your wider networks e.g. staff, students, residents, or partner organisations - to help us to gather a wider range of views.

Yours sincerely,

The Lancashire Local Transport Plan Team
Lancashire Combined County Authority
